DRAMATIC READER FOR LOWER GRADES Florence Holbrook

Dramatic Reader for Lower Grades

by Florence Holbrook (1860-1932)

Despite the bland title, this book is a charming collection of 16 plays for children. These little plays — well-known stories done into dialogue — were written for children who like to imagine themselves living with their favorite characters in forest, in palace, or in fairyland. Included are Cinderella, Robin Hood, William Tell, Hansel and Gretel and many more.

Total running time: 2:43:50
